

Dear Neighbor,

Interfaith Services is proposing to build a 150 bed “Drug and Alcohol Rehab Center” with a focus on treating adult unhoused people from all over San Diego County. The facility is planned on Aberdeen Ave. right behind the Montessori school and across the street from San Marcos Middle School, near a bus stop for Paloma elementary, Palomar College and its daycare centers and the youth baseball complex.

Proposed Location

Website: <https://NoToRehabNearSchools.org>

We need your help to stop this project. Please email ALL the people listed below and tell them that you don't want the drug/alcohol detox/rehab facility for unhoused adults near schools or in an area with a high density of children, adolescents and young adults. **This project will be approved to start in May unless we all act quickly!**
